

MMP174 – HOUSE File

Description

This cross-sectional file contains information at the household-level for all households surveyed.

HOUSE Variables

MMP174 – House file contains 28,781 observations and 548 variables. HOUSE contains information on household composition, marital information, social networks, and physical capital.

- Characteristics of HEAD and SPOUSE such as basic demographic and health variables collected on tables A and Q respectively.
- Marital history (up to 4 unions) of the household head collected on table B
- By selecting household members from table A, we construct variables with characteristics of sons and daughters regarding general labor force information and domestic, US, and Canadian migration
- Migratory experience of the family-of-origin of the household head collected on tables G and H
- Land holdings and farming characteristics from tables O and P
- Business acquisition and characteristics from table E
- Properties owned from table I
- Household amenities from table J1
- Vehicles owned from table J2
- Remittances received by household from table J3
- Violence at the household and community level from table R

Do not forget to download the Ethnosurvey from our page in order to obtain specific tables and questions.
